FOR IMMEDIATE RELEASE

**GATEWAY TO SOLUTIONS, INC. LAUNCHES NEW WEBSITE
New Look and Feel As Well As Expanded Resources & Downloads**

January 2009: GTS is proud to announce the launch of its new and improved website, www.gatewaytosolutions.org. Now, users can download articles, resources, assessments and practice forms, as well as sign up for GTS's quarterly E-news letter.

According to GTS's founder and director, John P. Carneseccchi, he states that "this is an exciting time...the practice will be celebrating its ten year anniversary as well as expanding into family planning and practice development arenas. The new website helps us celebrate a new look with the ability to go a little 'greener,' offering downloadable options for practice tools and resources. There will be less paper exchanged while working with our clients."

Gateway to Solutions (GTS) has reinvented personal wellness and work by uniting the full spectrum of human services under one roof: goal-oriented psychotherapy, mediation, career coaching, and two new areas of expertise--family planning and practice development.

Now, for the first time in decades, there is a new choice, a better way to help people live and work well. The power of one. A philosophy and service delivery approach built on a simple premise: it takes a person to help a person. It's the way GTS enables individuals, couples, families and organizations prosper and thrive. It's wellness in a whole new way.

GTS is one place to find all the work and wellness services that increase productivity in and out of the work place. One resource that delivers exponential value and results for the people that choose it and the people who use it. One information system that ties it all together. One practice that improves life at home and at work.

John P. Carneseccchi, MSW, LCSW, CEAP, founder and executive director of Gateway to Solutions Inc, specializes in high quality, systems-based, collaborative, human services. He is trained from New York University, one of the nation's top graduate schools, has over fifteen years in the industry and has earned many specialty certifications.
